Metal Products	10% Postconsumer	50%
Paint	50% Postconsumer	50%
Paper Products	30% Postconsumer	50%
Plastic Products	10% Postconsumer	50%
Printing and Writing Paper	30% Postconsumer	50%
Tires	Retreaded or Recapped	50%
Tire-Derived Products	50% Postconsumer	50%

Notes:

- (1) Postconsumer is defined as a product made from material that derived from a product that has been purchased, used and then recycled by a consumer.
- (2) Column C indicates the percentage of all dollars to be spent on RCPs in that category for each fiscal year in order to attain compliance with the RCP procurement mandates.
